

Hardy Academy's

Summer School

Does your child struggle with

- **Attention**
- **Focus**
- **Organization**
- **Frustration**
- Disliking school
- Reading or math
- Writing or spelling

These are all on the summer menu at Hardy Academy for our upcoming Summer Academy starting Monday June 14, 2010.

The program begins with a summer school assessment to plan your child's curriculum. The assessment will help us design a program using a combination of academic programs and brain training tools to quickly help your child advance.

This summer **Hardy Academic Programs** will include: Hardy Reader, Wilson Reading Program, Read Naturally, Lindamood-Bell Lips, Seeing Stars and Visualizing and Verbalizing, Hardy visual memory for comprehension, Reading plus for print tracking skills, Touch Math, Miquon Math, Hardy times tables, fractions, percents, decimals, algebra, and geometry programs, Hardy spelling, Hardy writing, and Hardy penmanship.

The summer **Brain Training programs** will include Rising Star/ Interactive Metronome for attention, focus, organization and academic improvement, print tracking using Reading Plus, Heart Math, Journey, Jack Capon, Brain Gym, Bal-A-Vis-X, auditory processing programs and perceptual-motor skills.

Hardy Interactive Metronome Training

Interactive Metronome sessions can be scheduled separately two, three or four days per week for students who are not enrolled in the Summer Academy Program.

Each session is 40 minutes. \$125 per session or 20 session package for \$1800.

Enroll Now!
